

A Certificate Course On Learning Management And Teaching Praticum (LMTP)

This course is conducted in collaboration with City and Guilds, UK and the teaching of the course is based on the syllabus and curriculum structured by City and Guilds UK. The Academic support for the course is provided through Texts and materials recommended by C&G and prepared by Course Development and Research Unit of Institute Mayang.

This is an internationally recognized vocational course that provides teachers and operators of education institutions such as kindergartens, childcare centers, learning centers and schools the essential skills of teaching. Students are taught various techniques of teaching methodology such as Preparation and planning of lessons, a holistic and systematic delivery of lessons and student centered learning through analysis of students needs. The knowledge provided through this international programme equips the student with classroom management.
